

Vishal Mondal

Ahmedabad, Gujarat, India | 6353372889 | vishalmondal567@gmail.com

[linkedin.com/in/vishal-mondal](https://www.linkedin.com/in/vishal-mondal) | github.com/vishal48-tech

Professional Summary

AI developer trained at PW Skills and through self-study. Knowledge in data science, ML, DL, NLP, transformers, and AI agents. Seeking entry-level AI/ML role in generative AI, agentic systems, or LLM applications.

Skills

Programming: Python, SQL

AI & Machine Learning: Machine Learning, Deep Learning, NLP, Computer Vision, Large Language Models (LLMs), Generative AI, Agentic AI, RAG, Prompt Engineering, Transfer Learning, Model Optimization, Fine-tuning (QLoRA/LoRA)

Frameworks & Libraries: PyTorch, TensorFlow, HuggingFace Transformers, LangChain, LangGraph, OpenCV, scikit-learn, pandas, numpy, FAISS, Streamlit

Tools & Environments: Git, GitHub, VS Code, Jupyter Notebook, Docker, FastAPI, MySQL

Projects

Multi-Modal Transformer from Scratch | github.com/vishal48-tech/transformers

- Implemented transformer architecture from scratch: multi-head attention, positional encoding, feed-forward networks, layer normalization.
- Extended same core architecture to generate **stories** (text), **melodies** (music tokens), and **images** (pixel patches).

Multi-Agent AI System | github.com/vishal48-tech/multi_ai_agent

- Built and implemented 9 agent types: Single Agent, Multi-Agent, RAG Agent, ReAct, CodeAct, Reflexion, Plan & Execute, Tree of Thought, Human in the Loop Agent

OpenCV Projects | github.com/vishal48-tech/open-cv-prompt-engineering

- Blur person only, nose point detection, posture detection.
 - American Sign Language detection.
-

Education

Skill Course: Data Science with Generative AI

P.W. Skills — Aug 25 – June 26

Diploma in Computer Engineering

R.C. Technical Institute, Ahmedabad — 2020 - 2023
